Every Seventh Person Has Car

Remarkable increase in B.C. Over 100,000 cars registered in 1934. For every 7.5 people in British Columbia there is one automobile, according to figures given by the provincial government. This shows an increase of nearly 20 per cent. over the figures for 1933.

The current figures show a remarkable increase over those of all previous years. Last year there were 100,000 registered motor vehicles and this year the number was over 120,000.

Approximately 100,000 persons are entitled to drive automobiles in the province. This number having registered and obtained licenses, are approximately.

Official Weights Are Lost Put Away for Safe Keeping Cannot Be Found

Lost—The standards of Canadian commerce. Somewhere in Ottawa, probably some obscure corner of a dusty vault in the city hall, there is a set of weights which would take six men to lift, which are the official weights and measures of Canada.
